

HUNTING FATALITIES

Reports coming from Madison on Monday state that Wisconsin's record hunting season ended with only ten men and one woman killed and about twenty-two wounded.

James Sales spent Thanksgiving with friends in Necedah.

ADVERTISED MAIL

List of advertised mail at Grand Rapids, Wisconsin, Dec. 3, 1919.
Oscar G. Rembey, Chas. Peters, N. M. Porterfield, Sal Vincent, Geo. Winslow, Mrs. Robert Cleland, Mrs. Owen Corno, Mrs. Jesse House, Robt. Nash, Postmaster.

MUSICIANS UNIONIZED

The musicians union charter arrived in the city Monday and according to the present plans there will be an installation of officers of the organization next Monday evening. Between thirty-five and forty of the Grand Rapids musicians are included in the membership at the present time.

SHOWS GOOD SAVING ON SEASON'S PAVING

Showing that the city saved in the neighborhood of \$7,000 by doing its own paving work last year, Engineer A. T. Thompson brought in his report of the work to the City Council Tuesday evening. The total cost of the paving in the city of Grand Rapids amounted to \$52,234.59, according to the figures available on the city's books. An increase of \$6,442.81 is the cost of the machinery that was purchased to do the work. Adding \$1,610.70 or 25 percent of the cost of the machinery, a total figure of \$54,845.29, which represents the complete cost, is obtained.

Taking the work piece by piece the City Engineer shows how the saving was affected by the following figures:

Grand Avenue, which included 4,800 square yards of black pavement, was laid at a cost of \$2.73 per yard. Adding the percentage for the use of the machinery brings that figure up to \$2.785 for the final figure. The estimated cost, Engineer Thompson states, was \$3,000, which brought about a saving of \$215 per square yard. The total cost amounted to \$13,368.00 with a saving of \$1,082.00.

On Third Avenue the saving was \$275 per yard and the total saving amounted to \$1,581.25. On Fourth Avenue there was a considerable saving, however, as the contract was a small one the total saving amounted to \$439.45. On Oak street \$2,002.87 was saved by the city doing their own work while Eighth street brought in another saving of \$1,266.59 for the city. Fifth street is a comparatively small job and the total saving on that street amounted to only \$669.58.

In addition to the paving done there were a number of curbs built along with the work and the figures given includes the saving affected by putting in the curbs also.

Mr. Thompson explained that the work on Grand Avenue had been very favorable and that it had been laid at a cost which was well below the price at which concrete pavement figures were available on in the state. The average price he stated, around Wisconsin, from figures sent out by the University Extension department, showed that brick on concrete pavement had cost \$4.25 per sq. yd. to lay. The cost of the Grand Avenue job in this city was \$2.78 or a saving of about \$1.50 per square yard over the average figures in Wisconsin.

Totalling up his figures the engineer showed that taking the entire expense of the machinery the city had saved \$2,000 on the work done here last year besides having the machinery left to work with. The mixer he stated, was undoubtedly good for ten years, and showed absolutely no signs of wear after this year's work was completed. The Council accepted the report and placed it on file.

LOCAL POSTOFFICE SEEKING LOCATION

Due to the expiration of their lease in the Wood block next September, the postoffice department, thru Postmaster R. L. Nash and Inspector J. A. Niles, of Necedah, have posted notice that they will receive proposals until January 1st for a location for the post office in this city. The location calls for heat, light, water, safe or vault, and all necessary furniture and equipment for conducting the office. The postoffice department will sign a lease for either five or ten years.

The Grand Rapids postoffice requires a floor space of not less than 2,200 square feet and very good daylight. The location must not be too far from the business district and within eighty rods of railroad stations.

While the present location is suitable, Postmaster Nash states, the lease expires next September and according to the department regulations they must open the proposition to the public to secure offers for a new building. This regulation affects cities where the business district moves away from the postoffice during the life of the lease.

RETURNS WITH BRIDE

Scout Executive James F. Knapp returned from Dundee, Ill., Saturday where he had been spending several days. Mrs. James F. Knapp accompanied him here, they having been married a week before that by Rev. W. F. Bond of St. James Episcopal church in Dundee. Mrs. Knapp was formerly Miss Ruby A. Bingham, of Dundee. The ceremony was performed in the presence of the immediate family, a wedding supper being served after the performance of the ceremony. The bride is a daughter of Mr. and Mrs. Wm. Bingham of Dundee and is a most estimable young lady. Mr. Knapp has been engaged as Scout Executive in this city since last fall and has proved himself to be a capable and industrious young man. Mr. and Mrs. Knapp are making their home on Oak street in the Wm. Crossland home. They have the best wishes of the Tribune and their many other friends here.

Mrs. W. J. Shea and Miss Edith Law have returned from Babcock where they visited with relatives over Thanksgiving.

Mr. and Mrs. Louis Schall have returned from a visit at Eau Claire.

LYDIA KUJAWA AND AUGUST BANDELIN WED WEDNESDAY

Miss Lydia Kujawa and August Bandelin, both well known young people of this city were united in marriage at the parsonage of the Congregational church last Wednesday evening at 8 o'clock. Rev. Noel J. Breed of that church performed the ceremony. They were attended by their parents, Mr. and Mrs. George Soucek, brother-in-law and sister of the groom.

Following the ceremony, which was performed in the presence of immediate relatives, the bride party enjoyed a wedding supper and a very pleasant evening was spent with their friends.

The bride is a Grand Rapids girl having made her home in this city for many years. She has been employed in Levin's store for some time past and is a most estimable young lady. The groom is the youngest son of the late Mrs. A. F. Bandelin and has made this city his home the greater part of his life. He attended the public schools of this city and later served with the Canadian troops overseas. He is in charge of the hotel bearing their name in this city. Both have the best wishes of the Tribune and a host of other friends in their married life.

CITY'S TAX FIGURES SHOW GOOD ADVANCE

With the state and county's tax bill more than double the figure presented last year, the increased cost of the operating expenses of the city, and a new bridge to start paying for, Grand Rapids taxpayers have prospect of facing a healthy sized tax bill this year. Figures which have been prepared by City Clerk F. C. Gilroy and turned over to Mayor Briere show that there will be a four percent tax on the City's valuation this year. The figures which have been prepared are:

Valuation of city, \$6,797,465.00
Four per cent tax is, 271,738.60
Of this four percent tax which will meet the operating expenses of the city the money is divided as follows:
State, \$15,457.88
City to clean up old bonds, 16,720.00
Schools, 66,700.00
Bridge, 6,797.00
City, 66,123.72

The state with their demand for \$115,457.88, which will add in defraying both the bridge and the soldiers bonus bill, is given 42.5 percent of the city's tax this year. The old bonds demand a figure of 38 percent of the total. The schools are allotted 24.2 per cent of the city's share of the bridge bonds, 2.6 per cent and the city proper 24.4, making up the total of one hundred percent.

While the figures are large the city is starting some permanent improvements such as the bridge and the concrete paving that has been done during the past year.

The Soldiers Bonus bill brings up the taxes some, but this matter will be completely cleaned up this year out of the way.

ALEX JONES MARRIED IN CHICAGO LAST SATURDAY

Announcement of the marriage of Miss Anna M. Jones, formerly of Marshfield, and Alexander F. Jones, which occurred Saturday in Chicago, has been received here. The marriage ceremony was performed at Hyde Park Presbyterian church in Chicago.

The bride is a former Marshfield girl but for some time past has been engaged in journalistic work in the Minneapolis Journal and later on a New York paper. She has also been connected with the Y. M. C. A. war work in New York City. Mr. Jones is the youngest son of Mr. and Mrs. W. T. Jones of this city and is very well known here. "Alex" as he is better known as in Grand Rapids, graduated from the high school in this city and later attended the University of Wisconsin. Following his graduation from the Wisconsin State Journal under Richard Lloyd Jones he went to Minneapolis where he was on the Journal staff. Enlisting in the medical corps he served in France on a hospital train. Upon his return to New York he became associated with the United Press and is now in charge of the Chicago office of that company.

Mr. and Mrs. Jones will make their home in Chicago expecting to return to New York in the spring and later go abroad where the U. P. has announced that they will send Mr. Jones to represent them.

PLAN WOMAN'S AUXILIARY TO GRAND RAPIDS UNIONS

A meeting of all women of the city who are members of unions and affiliates of the present members will be held at Union Headquarters December 4th for the purpose of organizing a Union Label League as an auxiliary to the Grand Rapids Federation of Labor. The purpose of the organization will be to encourage the women to buy only union made goods and to keep up their interest in the organization. Officers will be elected for the body and a short time later and found his father there. The mother was 93 years of age and had lived in that community twenty years.

WOMAN BURNED TO DEATH.

Mrs. Frank Tessmer, of Junction City, was burned to death Monday night when the farm homestead in which she lived was destroyed by fire. Mr. and Mrs. Tessmer were awakened by the heat and smoke in their home shortly after eleven that night. Mr. Tessmer ran to his son's home a short distance away to get aid. Upon his return he found that his wife had re-entered the building to save some personal effects and had been overcome by the smoke. He attempted to enter the building and faintly on the steps.

A short time later and found his father there. The mother was 93 years of age and had lived in that community twenty years.

GREEN BAY AND S. S. ROADS TO BE PAVED

Resolutions passed at the City Council meeting Tuesday evening recorded the unanimous sense of the council in favor of paving First street north from the Library building to the city limits with concrete. A resolution in favor of paving from the end of the pavement on Third avenue to the Packing Plant Road was unanimously passed, while the residents of Baker street from Eighth to Twelfth petitioned for concrete paving on their street. The petition was signed by the property owners who agreed to pay their share of the costs. The Council passed all of the resolutions unanimously.

The question of where the South Side road at least, complete the ditching in that district. The results from the drainage have been very satisfactory, it is said, and the crops have been very good on the drained land.

Alderman Lynch suggested that the road from the Johnson corner run on down along the river bank thru the Lyon Park to connect with the street car barn. This, he stated, would solve the matter of crossing the Northwestern tracks as the new road could be run under the west end of the railroad bridge. Alderman Roenius, who had previously asked the City Engineer about the practicability of running the road under the tracks at its present location, favored the suggestion made by Mr. Lynch and asked that the city engineer make a report on the matter.

According to the City Engineer Thompson it would be impossible to run the road under the railroad tracks at its present location as a clearance of fourteen feet is required. This would put the road bed a few feet below the level of the river. Mr. Lynch was of the opinion that a concrete road could be built under the west end of the railroad bridge and that when the water was too high to travel upon the new road traffic could always be switched back to the old road. The matter of the current washing out the road every year during the high water brought up by several were of the opinion that a concrete road would not be affected by high water.

City Engineer Thompson stated that the city's share of the paving for First street north from the Library building to the city limits would be \$22,500. This figure was based upon a thirty foot roadway from the Library to the Green Bay depot and a sixteen foot roadway from the depot to the end of the present paving on the Birch Road. The city's share of the South Side road from the end of the Third avenue paving to the Packing Plant road would be \$18,500. This was figured on the roadway running along the present right of way and did not include the proposed change to run under the bridge. These figures that Mr. Thompson prepared shows that the total cost of the city's share on the paving of the two roads would amount to \$41,000.

With the new petition for the paving on Baker street and the petitions for paving on Third and Fourth avenues north, which were filed at previous meetings, indicate that the city will face a paving program probably much larger next year as they faced last season.

CAPT. JACK CARRIGAN TO GIVE TECHNICAL LECTURE

J. F. Carrigan, formerly Chief Engineer of the several plants for the Kekoa-Edwards Paper Co. of Port Edwards will deliver a technical paper on Steam Boiler Room Economy during the 4th Annual meeting of the American Fur & Pellet Manufacturers Association to be held at the Hamilton Club, Hamilton, Ohio.

Mr. Carrigan has not only had years of practical experience, but has made a deep study of steam boilers, power efficiency, combustion, and fuel economy.

Capt. Carrigan who saw active service in France has since his discharge established himself in Chicago and is now manufacturing the Carrigan Stoker, a mechanical stoker developed by him and on which he has secured patent rights. He is also devoting part of his time to Consulting and Sales Engineering.

ELKS MEMORIAL

Grand Rapids Elks, No. 693, will hold their annual memorial services at their lodge rooms in the club house next Sunday, December 7th, in the afternoon. Mr. Potter, superintendent of the Milwaukee schools, will be the speaker of the day, while local speakers will deliver the eulogy addresses. A musical program will also be given. The services are open to the public and a general invitation is extended.

MODERN WOODMEN NOTICE

At the regular meeting Thursday, December 11th, Wood Camp No. 1328 will elect officers for the year 1920. The present officers ask every member to be present at this meeting. Important business will be brought to your attention. Meeting will be called at 7:45 P. M.

Yours fraternally,
A. D. Hill, V. C. H. J. Giese, Clk.

HAD FEED AND INITIATION.

The Grand Rapids Elks had a feed and initiation at the club rooms Wednesday evening, upon which occasion they consumed a portion of an elk which George Forrand had shipped to the lodge. Following the banquet there was an initiation when the following new members were taken into the order: Garth Germond, Ward W. Johnson, James Champ, Clay K. Crouse, W. A. Sprague, Carl A. Gajanus, Dr. H. F. Waters, Martin E. Holohan, Frank W. Gill, Chester P. Ridgman and Bert O. Smith.

The Nash hunting party who hunted near Boulder returned with four deer this year.

COURT ORDERS REFUND OF CRANBERRY CREEK BONDS

An order issued by Judge Byron B. Park on the application of Atty. B. M. Vaughan, representing the Cranberry Creek Drainage District, refunded \$10,000 worth of bonds which were issued at different times during the past few years for improvement work out in that district. The order was issued at Stevens Point Monday when the Circuit Court opened its session in that city.

The refund follows practically the completion of the work in that district. According to Mr. Vaughan there remains about eighty rods of drainage ditch to be put in next year, but that there will probably be sufficient funds on hand at that time to take care of the work. About \$100,000 worth of bonds have been issued at different times for the work in the Cranberry Creek district.

The work next year will, for the present time at least, complete the ditching in that district. The results from the drainage have been very satisfactory, it is said, and the crops have been very good on the drained land.

RUDOLPH WILL HAVE BRICK SCHOOL HOUSE

The Catholic Congregation at Rudolph, thru their officials and pastor, P. J. Wagner, have awarded A. E. Billmeyer of this city the contract for the erection of a new large brick parochial school. The building will be erected on the church property which is east of the station, formerly known as the Akey farm. The new building will be erected in the spring and will probably be ready for occupancy next fall. The dimensions of the new building will be about 50x109.

Constructed of brick and the thru-out the school will embody eight rooms. There will be two floors and a basement. The first and second floors will include the eight class rooms, while the basement will include a larger room which can be utilized as an auditorium if desired. There will be a steam heating plant in the basement also.

According to Mr. Billmeyer the estimated cost of the structure will be \$32,000 and the new building will serve the requirements of that community for many years to come. The building will be erected along the lines adapted to modern educational structures, and will make a very nice addition to the appearance of the village up there.

The erection of the new school is the initial step toward the building up of a set of buildings for St. Philip's congregation on the Akey farm. The men's congregation bought the Akey farm a few years ago with the intention of having their church more centrally located, and expect that within a few years they will have several new buildings on the place. The present plans, which have not been completed, call for the erection of a new church to be put up at a cost of about \$60,000. A new Sisters' house is also included in the program as well as a home for the pastor. The school building is being placed on the property in a manner that will permit this future development and it is expected that within a few years the land now owned by that congregation will be adorned with several very attractive buildings.

ANOTHER BOOST IN PRICES

As a sort of a Thanksgiving surprise the proprietors of the Tribune received a notice last week from the publishers of the ready print to the effect that their product had been raised about 100 per cent, same to take effect on the first of December. We had imagined that we were paying about the top notch for paper here, but it seems that we were mistaken, that things in the paper line have just commenced to go up, and that the worst is yet to come.

In view of this radical raise in prices, the price of the Tribune will be \$2.50 per year, in advance. To people inside of the first zone, the price will be \$2.00 per year, payable in advance.

INCORPORATE CHEESE CO.

Incorporation papers for the Baughman Cheese Co. of Rudolph, have been filed at the office of Registrar of Deeds Henry Ebbe. The incorporators are L. E. Baughman, J. H. Scott, Geo. Bushmaker, E. M. Baughman and John Fritzsche, all of Rudolph. The capital stock of the company is \$5,000. The cheese company is a co-operative concern and will have their factory located one and one-half miles south of Rudolph. The two factory buildings of the old company when a fire destroyed their factory several weeks ago.

GRANTED DIVORCES

Judge Park granted several divorces at the opening of the circuit court session in Stevens Point Monday, among them being several from this county. Marguerite Purdy was granted a divorce from Chester A. Purdy on the grounds of cruel and inhuman treatment. They were residents of Marshfield. Arthur Lindauer was granted a divorce from Frances Lindauer on the grounds of cruel and inhuman treatment.

CHRISTMAS SALE.

The ladies adult bible class of the Congregational church will give a food and Christmas sale on Saturday, Dec. 6, in the Miller and Buchholz Millinery store on 1st street.

ON VALLEY ELEVEN

Meunier, Millenbach and Hansen, all of the Lincoln high football squad, were made members of an All-Valley team which was selected by some of the leading officials of the Wisconsin river valley. Hanson, who played center was given a guard position. Meunier was placed at quarter, while Millenbach was switched to half back.

CO. AND STATE TAX HIGHEST IN HISTORY

Residents of Wood county without a doubt are facing the heaviest state and county tax ever levied in the history of Wood county. Figures compiled by County Clerk James Church which have been forwarded to the state show that the general county tax for 1919 will be \$315,000.91. This is about three times the county tax for 1918. The state tax for 1919 is \$164,530.15, another record breaker in the way of high taxes. Unusual conditions have been responsible for the heavy increase in the taxes for this year, the new bridge requiring a payment of \$70,000 for the county's share of the structure boosting the general county tax well over a previously high figure, while the soldiers bonus money added another raise to the state tax. The County Board had their choice in the matter as to how they would raise the money and after hearing the opinion of several of their members decided that it would be better to raise immediately and have it out of the way.

Other interesting figures which have been compiled by the County Clerk and which show where some of the county's money will go this year are included in the following statement of the apportionment of the taxes:

Equalized valuation of county and cities in	
County	\$42,137,600.00
State Tax	164,530.15
School District loans from state	18,911.23
Special Loans	1,232.00
Other special charges	45.31
County School Tax	39,377.38
General County Tax	315,000.91
Co. Supt. of Schools	3,500.00
Real Estate charged back	36.01
Unchanged back property	971.63
County Aid bridge	11,768.36
Non-Resident poor	228.27
Resident poor	32.24
Aid to delinquent children	1,673.27

The fact that the maintenance of the County Trunk Line Highway system cost twice as much as it did in 1918 added materially to the general county tax figures this year. An interesting thing about the tax apportionment sheet which Mr. Church has prepared is the amount that each town pays. The city of Grand Rapids is about fifty percent higher than any other community in the county, either city or town. This is in addition to a very high city budget tax which the city will be called upon to pay. Marshfield is the next city in line paying about two thirds of the tax that this city pays.

Among the towns and cities in the southern part of the county that are helping shoulder the county's tax figures this year and the amounts they are called upon to pay are:

Grand Rapids City	\$107,411.10
Marshfield City	74,723.90
Nekoosa Village	24,876.63
Port Edwards	22,092.89
Rudolph	18,611.24
Siguel	21,664.29
Grand Rapids town	11,103.18
Saratoga	7,036.30
Biron	12,283.56
Sherry	14,334.16
Arpin	19,092.21
Auburndale town	18,414.91
Pittsville City	3,300.47

LOCAL YOUNG COUPLE WERE MARRIED LAST THURSDAY

Miss Rose Marie Fischer and Quensen Henry Gross, both of this city, were married last Thursday morning at 9:30. Rev. Noel J. Breed of this city performing the ceremony at the Congregational parsonage.

They were attended by Miss Mabel Gross as bridesmaid while Louis Gross, Jr. was the groomsmen. The bride wore a blue traveling suit with hat to match, the bridesmaid wearing a brown suit and brown hat. Following the ceremony there was a wedding luncheon served at the bride's home where a few of the relatives and friends gathered. Following a sumptuous wedding dinner they left for an extensive wedding trip, on their return to make their home in Grand Rapids.

The bride is a daughter of Mr. and Mrs. G. P. Fischer and is well known in this city. She has been employed in the city for some time and has a home in Grand Rapids. The groom is a son of Mr. and Mrs. Louis Gross. Mr. Gross has been in the real estate business with his father for some time past and will continue in this work. The young couple will make their home in this city settling down to their new life with the best wishes of the Tribune and a host of other friends.

WILL GO TO MADISON

Among the local people who are interested in highway construction for next year who are attending the highway builders gathering in Madison this week are Div. Eng. F. Mengel, Co. Highway Comm. L. Jamison, Harry Thompson, Sherry, August Brooker, Marshfield, and Geo. Brown, Pittsville, members of the Co. Highway Committee; and Ed. Morris of Arpin, the coming highway Commissioner.

LOCAL MAN HELD UP

Charles Fishbe, of this city, was the victim of a holdup in Milwaukee Friday night when four men attacked him, dragged him into an alley and robbed him. Mr. Fishbe had about \$40 in currency and a check for \$22 in his pocket which had been stolen from him by a thief. He was taken to a hospital where he received medical treatment. He returned home the first of the week.

Sheriff Bluet, Will Cola of Vesper, S. V. Kelley of Stevens Point, E. C. Bennett of Cranmoor, and Ed. Sholton of Vesper were members of a deer hunting party that hunted near Hanthal. Several members of the party got a deer.

Do You Do Your Own Washing?

You must have found it very disagreeable and unsatisfactory work getting your family washing done the past two weeks with the stormy, uncertain weather we have been having.

We are pleased to inform you that we are making a special effort to do family washing this winter. We realize that a large part of this work never comes to the laundry. From time to time we are going to tell you about our methods of doing this work.

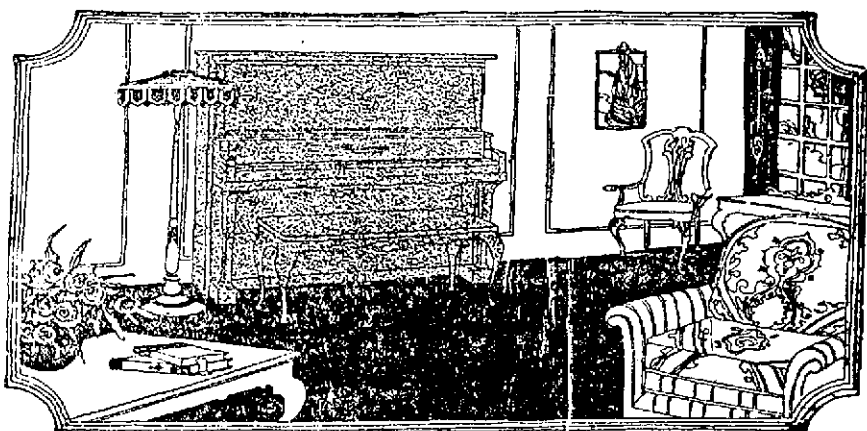

Our 'semi-finished' or 'rough-dry' work comes back to you with the flat pieces, such as towels, pillow cases, sheets and table covers, all ironed and folded ready for use. All wearing apparel is dried and such pieces as require it, are starched and ready to dampen and iron. Each piece is clean and sanitary. For this service we charge 8c per pound.

In our 'finished' family wash service, all pieces are neatly ironed at an additional charge of 50c per hour. With our modern steam presses, which eliminate all friction, one operator can easily iron twice as much as two women can by hand.

Phone 387 and our driver will call. We know that we can please you.

Next week we will tell you how your clothes are washed in our laundry. It will surprise you.

NORMINGTON BROS. Laundry and Dry Cleaning Shop

Buy Christmas Pianos NOW

IT isn't too soon to be thinking about that Christmas Piano or Inner-Player. Good Pianos this Christmas are going to be scarce--there's an unusual demand for them, and piano makers everywhere predict an acute Christmas shortage.

Better come in and reserve an instrument now while our stocks are as complete as we can make them. We'll make delivery the day before Christmas if you wish.

We have a complete line of small instruments. We stand behind every instrument we sell as we handle nothing but the best in our line.

A very complete line of sheet music and new records.

MR. LODGE'S TRIUMPH?

The Lodge treaty of nullification has been killed, the treaty of Versailles still lives, though passion and partisanship and the spirit of revenge have prevented, for this session of Congress at least, its ratification and acceptance by the United States, says the New York Times, commenting on the action taken by the Senate. It will be put into effect by the other signatories, leaving the country without its benefits, standing before the world as the one nation that refuses to sanction measures for the prevention of war. The treaty must be called into existence, the United States must join the other nations in sanctioning the agreement reached at Versailles, in the League for peace.

A the hour for nullifying the President's work approached the splendid discipline of the Republican party asserted itself. The scruples and compunctions of the "mild reservationists" gave way, they put themselves altogether under the leadership of Mr. Lodge. The Senators of the "battalion of death" did not desert their party when they voted, thirteen of them, against the Lodge resolution and that is precisely what the thirty-five Republicans who supported Mr. Lodge's treaty voted for. Forty-two Democrats, Mr. Hitchcock's entire band of loyal supporters, voted as the President desired, "against the Lodge resolution of nullification," hoping in that way to prepare the way for saving the Versailles treaty.

The country will not for an instant be in doubt as to the responsibility. Who has supported the treaty of Versailles from the moment of its submission to the Senate, who has tolled and striven for its ratification? Who has opposed ratification, who has piled obstacles and fellows of obstruction across its pathway, who has engrafted upon it reservations that blast and destroy it? When we say who we mean which party. An observing people will judge, has judged.

It has been a work of blind partisan recklessness, done in callous disregard of the need and the suffering of nations and of millions of men who will have to bear their burdens unrelieved until, with the establishment of conditions of peace, works of mercy and upbuilding can be undertaken. It is a fearful responsibility that the enemies of the treaty and of peace have taken upon themselves.

Frank and Dan Gallagher of Tomahawk are visiting old time friends around here this week. The young people enjoyed a party at the Nels Jensen home on Thanksgiving evening.

Gladys Long who attends school at Grand Rapids visited over Sunday with her mother, Mrs. John Long. Mr. and Mrs. G. Peterson were at Sigel last Wednesday.

Mrs. E. C. Brillhart has returned to her home in Kenosha after a two weeks visit with her parents, Mr. and Mrs. Jos. Yeske on Third Ave. N. 1t

Are you ashamed that you are a Holstein breeder? If not, be at the Training School, Grand Rapids, Wisconsin, December 9, at ten o'clock. 1t

Donald McGlynn, Roy Normington, William Smith, Dorothy Normington, Eileen Noel, Ruth Wuersch, Rupert Houghton and George Corriveau returned to Appleton Monday where they resume their studies after a short vacation spent at their homes in this city over Thanksgiving. 1t

Herman Hassler, Frank Sommerfeldt and Will Hurley are among the lucky ones to bring home a deer the past week. 1t

Al Menier who is located in Dakota spent several days in the city the past week visiting with friends and relatives. 1t

—Most complete line of ladies and gents' childrens' handkerchiefs at Miller's at the bridge. 1t

Mrs. L. W. Nussom of Stevens Point spent Tuesday in the city with friends. Mrs. Nussom was formerly Clara Bronkalla of this city. 1t

Charles Griffin of Seneca Corners left on Monday for Arkansas where he was going to visit for a time. From there he was going to Texas to spend the winter months. 1t

—"Red Oak" Self Rising pancake flour, "Red Oak" pure buckwheat flour, "Red Oak" Graham flour, "Red Oak" granulated yellow corn meal, they are the best. 2t

George Yeske, who has been serving in the aviation corps, has returned to Park Field, Tennessee, where he has re-enlisted. 1t

Earl Weeks, who travels for a large drug concern, spent Tuesday in the city on business. Earl spent about two years in the navy during the war. 1t

On December 9th the secretary of the State Holstein Breeders' Association and many other men of Holstein fame will be at the County Training School from ten o'clock until four. A good program is assured. 1t

—Beautiful waists in Georgette Crepe, Messaline and Tub Silk at Miller's at the bridge. 1t

—Silk petticoats all colors for Xmas at Miller's. 1t

Theron Lyon, one of the old residents of Grand Rapids, but for several years past a resident of St. Maries, Idaho, arrived in the city last week to spend a month visiting with friends and relatives. 1t

Fred Karth of Rudolph was among the business visitors in the city on Tuesday. Mr. Karth had recently purchased a Ford car, but did not take the machine home on account of the cold weather that prevailed. 1t

Mr. and Mrs. Edward Feser, who have been renting rooms at the R. A. MacDonald home for several weeks, last packed their household goods the latter part of the week and moved to Milwaukee where they will make their home. 1t

Mr. and Mrs. Robt. Ebbe and two small children expect to leave in a few weeks for White City, Florida, where they expect to spend the remainder of the winter with Mr. and Mrs. Fred Knuteson, a former employee of the Ebbe garage. 1t

Are you your brother's keeper? If you are and if your brother or your neighbor happens to be interested in coming to the big Holstein meeting at Grand Rapids, December 9th. 1t

In the last few years we have had several Holstein meetings at which there were present from ten to twenty fellows, the so called old guard of the Holstein industry. At Grand Rapids on December 9 we expect to see an old guard with at least twenty-five recruits accompanying him. 1t

J. D. Gibson has been laid up several days the past week. He was using a pickaxe at the hub and spoke factory when the steel on the pick broke and struck him on the ankle, causing a very bad bruise so that he was unable to get his shoe on for several days. 1t

Wm. Remington of City Point was among the pleasant callers at the Tribune office on Tuesday while in the city on business. Mr. Remington is one of the old subscribers to the Tribune, having started to take the paper in 1873, at which time he was in the west in the service of the government. 1t

—Ladies wool dresses all prices at Miller's. 1t

Marshfield Times—Good news for Marshfield readers. If present plans of the R. Connor company carry, spring will find this concern building in the neighborhood of twenty houses of the bungalow type in the city. With the scarcity of houses at the present time and the ever increasing demand of houses of almost any type, it goes without saying that the homes will all be spoken for before they are completed. 1t

A letter from G. W. Matthews, of Payette, Idaho, states that Mr. and Mrs. Herman Heiser of this city were their guests several days last month. They state that Mr. and Mrs. Heiser also visited friends in Hartford, Washington; Everett, Wash.; Portland and Tillamook, Ore.; and expected to spend Thanksgiving with Mrs. Heiser's sister at Dillon, Mont. Later they will visit with friends in Rugby, N. D. They were very favorably impressed with the country and the climate out there Mr. Matthew states. 1t

TWO LOCAL BOYS TAKE WINTER DAIRY COURSE

Wood county has two young men attending the Winter Dairy Course at Madison this year, taking instruction in buttermaking and cheesemaking. Men from 36 Wisconsin counties, 15 states, and Canada and Japan are among the 121 students entered in the course. 1t

The men from this county are: Carl Martin Huser, Grand Rapids; and Wm. H. Fischer, Grand Rapids. Enrollment in the dairy course this year is larger than it has been for some time, according to E. H. Farrington, director of the course. This is partly because a good many returned soldiers are taking advantage of the educational bonus to get valuable training, and their choice of the dairy work is due to the great demand for men skilled in the manufacture and care of dairy products. At the Wisconsin school the men get practical training, as the milk is brought in from the country around Madison and manufactured into butter, cheese and other dairy products at the University plant. 1t

COUNCIL HAS BOUGHT NEXT YEAR'S STONE

Shipping under the wire at the eleventh hour the City Council Tuesday evening closed their contracts for next year's paving stone with the Universal Quarries at Lohrville. The contracts came at an opportune time as the State Highway Commission had already asked for a bid on the entire output of the quarries and the bid had been placed. Upon a request of the City officials Mr. Berkey of the quarries withdrew his bid on Tuesday and came to Grand Rapids to appear before the Council, where he agreed to ship all the stone required for the city's paving here before next spring. The terms of the agreement put the cost of the stone at \$1.50 per square yard at the quarry, which is a slight raise over the figure paid last year. The stone will all be shipped here before May 1st, and hauled directly to the streets which are to be paved.

The decision to buy the city's stone for next year followed a report given to the Council by Ald. Schlegel, representing a committee appointed to investigate the matter of buying a stone crusher and crushing the granite from the river bed. Mr. Schlegel explained that a crusher would cost at least \$3,200, and that along with the cost of getting the stone and the price of labor the idea did not seem practical to the Committee. Mr. Schlegel explained that stone could only be secured from the river bottom when the water was low and that it would require a great deal of blasting and building of cofferdams.

Engineer Thompson explained the rock situation, how the city had difficulty in getting their rock last year, and the advantage of getting it here while there is still some rock on the market. Mr. Berkey stated that they had a contract for 40,000 tons of this stone to go to Wayne County, Michigan, and that they could only permit them to ship the balance to this city as only from two to three eastern cars are available each week. According to transportation regulations western cars cannot carry this material into Michigan.

After discussing the matter the Council unanimously decided to buy not to exceed 8,000 square yards of stone which is about twice as much as the city used last year. The idea is to haul the stone to the boulevards along the streets which will be paved and in that way the stone will only be handled once.

ST. POINT LAWYERS HEADS BAR ASS'N.

Atty. W. F. Owen of Stevens Point was elected president of the Seventh Judicial District Bar Association at their permanent organization meeting held at Stevens Point Monday afternoon and evening. Other officers elected are:

Secretary—W. E. Atwell, Stevens Point.

Treasurer—Geo. B. Nelson, Stevens Point.

The meeting held Monday was for the purpose of perfecting the organization which was temporarily organized in this city several weeks ago. It represents the lawyers of Wood, Waupaca, Waushara and Portage counties, which are included in the Seventh Judicial District.

Atty. B. R. Goggins presented a memorial to Judge C. M. Webb to the meeting while Atty. D. D. Conway presented a memorial to Judge Geo. L. Williams. Atty. Geo. B. Nelson presented the memorial to Judge F. H. Felt, Sr. and Judge Park, Jr., presented the memorial to Judge Cate. These judges had held the bench in the Seventh Judicial District in past years and memorials had never been prepared. The memorials will be placed on the records of the Supreme court of Wisconsin, at their term of Court in January.

The Stevens Point attorneys had arranged a banquet which was served to some forty lawyers at the Library over there. No formal speeches were made but the evening was pretty well taken up with an informal discussion. Among those who went from here were Atty. D. D. Conway and W. J. Conway, T. W. Bruzau, B. H. Goggins, John Roberts, Frank Calkins and B. M. Lauchman. Atty. H. E. Fitch and A. J. Cronin of Nekeosa were also in attendance.

WILL J. WHITE MARRIED

Mr. and Mrs. M. White of this city received an announcement Wednesday of the marriage of their son, Will J., to Miss Leah Hebble, of Alamosa, Colorado. The marriage was performed in the western city on Wednesday. Mr. White is a former Grand Rapids boy who has been making his home in the west for some time where he has been quite successful.

MANY MARRIAGE LICENSES

October and November were unusually heavy months in the marriage license department of the County Clerk's office there having been thirty-one licenses issued during October and twenty-three during November. The high cost of living and the threatened coal famine seems to have no material effect on dampening the ardor of Dan Cupid several more licenses having been issued this month.

BOUGHT RECTOR HOME.

Lawrence F. Drost has purchased the McLaughlin home on Ninth and Write streets and is fixing up the building. Mr. Drost expects to rent it when he completes rebuilding the structure.

TEN MILE CREEK

Everyone here seems to be taking advantage of the cold weather to butcher their hogs.

Mr. and Mrs. M. S. Winegarden are spending a few weeks in New London with relatives.

Jacob Lipsitz is visiting in Chicago with friends.

Several from here were in Grand Rapids last Monday. They found the sleighing not of the best.

The dance held at Nels Jensens Thanksgiving night was well attended and a good time was had by all.

CITY DADS GIVE KIDS HILL FOR COASTING

Acting favorably on a petition asking that the Drake street hill from Washington Avenue to First street North be closed temporarily to traffic in order that the people of the city might enjoy the good outdoor sports that Wisconsin's climate offers, the City Council Tuesday evening unanimously expressed their desire to do all they were able to that the children might enjoy the good outdoor sports that Wisconsin's climate offers. The petition was signed by Mrs. E. P. Arpin, Mrs. J. B. Arpin, Mrs. Nan Schlatterer, Mrs. Georgiana Buckley, Mrs. Clara Kallman and F. J. Wood, which represented the balance of the property owners on the street. The Council advised the petitioners to secure the balance of the names of property owners, after which the street will be closed.

"We must not forget that we are getting old," Otto Roenius told the aldermen, "and that we forget that we were once kids and enjoyed sliding down hill. I've had many a joyful time myself on the Arpin hill and I believe that we should close it in order to protect the children who slide on it."

Alderman Link stated that the Grand Rapids Delivery Company would probably be inconvenienced as much as anybody in town but that they were willing to suffer this handicap in order that the children might have this healthful outdoor sport. He explained that children from out as far as Fourteenth Ave. used the hill and left their sleds with the people up in that neighborhood.

The matter of building a municipal skating rink on the east side fair grounds and one on the west side was brought up and left in the hands of City Engineer Thompson, who explained that there was plenty of water available and that the rinks could be built with little trouble.

Alderman Roenius stated that he had often thought about the matter of affording more amusement for the children of the city and had considered bringing up the matter of a municipal playground up in the spring for the consideration of the aldermen.

RUDOLPH GIRL MARRIED TO ST. CLOUD FARMER

Miss Clara Grab, of Rudolph, and Mr. Frank Mullenbach, of St. Cloud, Wis., were married last Wednesday morning at ten o'clock. Rev. P. J. Wagner of St. Philomena's church performing the ceremony.

Miss Rose Mullenbach was the bridesmaid while Conrad Grab, was the best man. The bride was gown in white satin trimmed with pearls and made a very delightful appearance. The bridesmaid was very pretty in a pink gown trimmed with silk net and gold, wearing a white velvet hat. The church had been very prettily trimmed in pink and white, crepe paper and wedding bells forming the decorations.

Following the ceremony the wedding party and their friends were guests at the home of the bride's parents where a sumptuous wedding dinner and supper was served. In the evening their friends gathered and danced, making the occasion a very pleasant one.

The bride is a daughter of Mr. and Mrs. Joseph W. Grab, well known residents on Golden Ridge Dairy Farm for a number of years past and is a most estimable young lady. The groom is a son of Math. Mullenbach, and is one of the progressive young farmers of St. Cloud, Wis. Mr. Mullenbach has a large dairy farm at St. Cloud where he and his bride will make their future home. They left Tuesday of this week for their new home after spending several days at the home of the bride's parents at Rudolph.

Mr. and Mrs. Mullenbach go to their new home with the best wishes of the Tribune and a host of friends in this city and throughout Rudolph.

Ed Arpin returned this morning from the north woods where he had been deer hunting.

Mrs. George H. Smith of Asotin, Washington, is spending a week in the city visiting with friends.

John C. Kurtz of Pittsfield died at his home on November 24th, after an illness of three weeks. Mr. Kurtz was known by many in this city. He built the Elm Park Hotel in 1892 which he operated for a number of years.

George Schlegel was up at Marshfield last week where the government sent him to undergo medical examination. George was gassed while serving with the Third division and has not been in very good shape since his discharge. He expects to go to California after the holidays where it is expected that a warmer dryer climate will agree with him.

Barney St. Denis of Rudolph was among the pleasant callers at the Tribune office on Friday while in the city on business. Barney has not been bumming around much since his accident, but summer, but sports he is getting along nicely and has about recovered from his injuries.

POLO ROAD

Leslie Rasmussen of the town of Grand Rapids spent Thanksgiving with his sister, Mrs. Gilbert Moll.

Misses Nina Moll and Roney Rasmussen of the town of Grand Rapids spent Thanksgiving at the Gilbert Moll home.

Wilbur Benson, who is employed at Biron spent Thanksgiving here.

PLAN UNITED WORK TO BENEFIT GRAND RAPIDS

Plans laid at the Rotary Club luncheon, Wednesday will lead to a more united campaign for the promotion of the civic interests of the city following a report by Geo. LaBour, which suggested that a committee from the Club work in conjunction with committees of other public spirited organizations. The plan suggested was that there be a committee from the Rotary Club, one from the Chamber of Commerce and one from the Federated Women's Clubs, to make more of a concentrated effort to bring about the results which are desired.

Under the present plan, it was explained, all of the organizations are "shooting at many things and hitting few." It was considered a better plan to unite and all work for certain objectives which could be gained.

The Rotary Club favored a resolution calling for Universal Military Training. The details, they suggested, should be worked out by men thoroughly familiar with the military training but recommended the plan as it was considered thoroughly beneficial to the young men of America.

Different members of the organization will be called upon to write articles on "Americanism" which will be submitted to the local papers for publication. Propaganda has been circulated for many years by the I. W. W.'s and other unpatriotic organizations and the only way to deal with this was to give good Americans the facts on this matter which some of the unpatriotic socialists are fighting.

L. M. Nash and W. H. Carey, pioneer members of the Nash Hunting party, were guests of the Club Wednesday, relating their experiences hunting deer in the northern woods. The party has been organized for twenty-one years, hunting near Boulder Junction at the Nash Cottage each year.

Don't forget the Christmas sale on Saturday, December 6th in the Miller & Buchholz Millinery store on First street.

SALE.
